

Bravat Gold Infrared Automatic Electronic Commercial Faucet

Specifications:

- Sensor faucet complete motion detection operation.
- Sensitive Sensor with Infrared AI Smart-Chip
- Factory set to 30-second Auto Shutoff (can be adjusted).
- Water Pressure: 0.5 - 7.0 KGS/cm, 10 - 125 psi
- Solid Brass Construction, Gold Finish
- Installation made easy with simplified instructions
- Water resistant solenoid enclosure
- Advanced energy saving design for long lasting battery life
- Comes complete with Hoses & Accessories
- Power Supply: AC110V And DC6V (batteries not included)
- AC/DC power option.
- ADA Compliant.
- Can be installed in new or retrofit applications.
- Durable Vandal-Resistant Brass Body;
- Touchless operation; specifically designed for optimal performance in various commercial use applications, making it ideal for public restrooms, restaurants, office buildings, public facilities and hospitals. Fits all standard US plumbing.
- Intelligent: with its micro-computer controlling its action,
- The faucet will self adjust best detection zone as per the color and shape of the lavatory
- Flashing light indicator; a diagnostic indicator for power up, low battery, and solenoid function.
- The meanings of the codes are described in the installation instructions.
- Convenient to maintain; with a built-in strainer to prevent sundries from entering the solenoid valve and the strainer is easy to clean
- The faucet can be mounted to any sink surface.
- The battery's life is 8,000 cycles per month and with enough water pressure is approx 5 years service life of the batteries.
- Adjustable sensing range; while the factory range is set about 4"to 5" from the sensor, it can be adjusted.
- Usage: Commercial
