

**BATHSELECT GOOSE NECK POLISHED
GOLD FINISH AUTOMATIC COMMERCIAL
SENSOR FAUCET**

Specifications:

Diameter of inlet pipe: DN15
Diameter of outlet pipe: DN15
Water Pressure: 0.05Mpa - 0.7Mpa
Power Supply: AC110V And DC6V (batteries not included)
Detection Zone: Factory set 25cm/10" (based on standard inductive board)
Ambient Temperature: 1 - 45 °C / 33.8 -113 °F
Degree of protection by enclosure: IP56
Mounting Type: Single hole
Number of Hole Required for Installation: 1
Faucet Centers (Distance Between Handle Installation Holes): Single Hole
Flow Rate: 1.3 GPM (gallons-per-minute)
Infrared sensor operation
Faucet Body Material: Brass
Faucet Finish: Gold
Maximum Deck Thickness: 1-5/8"

Size:
